[learn to code choosing a programming language](#)

â€œWhat language should you learnâ€•â€, Php arrives first. In my opinion, the first language you should learn is Python. Itâ€™s simple, efficient, used in many domains and the documentation is great.

[which programming language should i learn first](#)

Like when writing a story, the language you use is not a big deal. Programming is not about the language you use. In some programming languages, like in Python or Ruby, itâ€™s a bit easier to grasp some concepts because they read more like plain English.
